The 18-hole Park course is characterised first and foremost by its natural features, including its untouched forests and abundance of water – all of which guarantee an unforgettable golfing experience. The jewel in the crown of the course is the Par-5 15th hole, which ends on a floating green that players have named the 'island of tears'. Niitvälja has been the home of the Estonian championships for many years and has also played host to a number of international tournaments.

18-hole golf game Sea course

The Sea Course with its 18 holes stretching over 7,000 yards, is a true championship golf course. Holes built among unspoiled forests reach out to the beach and play along the Jägala River. With an overall elevation change of 40 meters, oak alleys, ancient boulders, and natural ponds the site is befitting of world class golf course. Due to the length and complexity, the Sea Course is a real challenge even for the golfer of the highest skill level. Since 2009, Golf World Magazine has voted the EGCC Sea Course as one of the best European golf courses. Since the Sea Course was first ranked 95th, it has improved its position over time. In 2014, the Sea Course was ranked 83rd in the prestigious TOP 100 with an editor's comment that it could easily end up in the top 50.

**Day 4 Tallinn - Parnu / White Beach Golf course - Parnu**

Breakfast at the hotel.

Transfer from hotel in Tallinn to White Beach Golf course (132 km/ approx. 1,45 h driving distance)

18-hole golf game

White Beach Golf is a links type course. The fairways are wide, well-maintained with a soft turf which protects the players' hands from contusions. The rough is short and there are no big height differences on the course and therefore playing is easy also for seniors. Nevertheless there are no holes, where there isn't a possibility to hit the ball into water. The total area of water obstacles is nearly 19 hectares. If we add to that the constantly blowing strong sea breeze, we get a golf course, the successful playing of which is challenging for even experienced golf players.

After game free time for lunch (on own expenses)

Transfer from golf course to hotel in Parnu (9 km/ approx. 10 min driving distance)

**Day 5 Parnu - Parnu Bay Golf links course – Parnu**

Breakfast at the hotel.

18-hole golf game

The course was designed by architect Lassi Pekka Tilander with Mick McShane as the lead shaper, best known as the lead shaper for world-famous St. Andrews Links' Castle Course and Kingsbarns Golf Links. The course is the first links course in the Baltic region and features wide fairways and expansive sand areas, as well as multi-leveled greens with bold movement. The par-72 course plays from 4,500 to 6,200 meters. World Golf Awards has recognised Pärnu Bay Golf Links as Estonia's Best Golf Course in 2016 and 2017. This year we are honored to be nominated as World's Best New Golf Clubhouse 2018 and Estonia's Best Golf Course 2018.
